

Coach Leadership Centre

Coach Leadership Centre, an organization committed to constant personal & professional growth with emphasis on continuous self renewal. It is a community of likeminded people with positive attitude and drive to perform.

It is a kind of ALUMNI of all those people who have completed the training

BE YOUR BEST - LEADER.

The underlying premise is that all learnings get diluted over a period of time. Hence, there has to be a forum where the trainees can meet **once in a month**, revive their learnings and get fully recharged again to succeed in personal and professional life.

All trainees after completing this training become eligible for membership and they are invited to join Coach Leadership Centre. There is no other way in which anyone can acquire membership of Coach Leadership Centre (CLC).

When the number of pass-outs exceeds 50 in any city/organization, a Chapter of CLC is formally inaugurated by the National Executive Committee of CLC as per the provisions of its constitution. Every Chapter meets once in a month at a predetermined time, venue and day of the month to revisit the learnings and to recharge its members to their full potential.

Since all the members have completed the course they are on the same page and there is great synergy and cohesion in the entire group.

Every Chapter has its own Managing Committee headed by a Vice President elected from within the members of that city. This forum operates on "no profit and no loss" basis where members pay only for meeting the expenses for the venue and refreshments.

This is our unique way of providing lifelong post training support to the trainees.

Core Beliefs of **Coach Leadership Centre (CLC)**

- All human beings have unlimited potential for greatness
- It is their duty to realize their highest greatness
- Every positively informed person has a duty to inspire others for self growth
- All round growth comes with regularly practicing the principles of the **BE YOUR BEST – LEADER** training
- Quality of thought and leadership in all our endeavours
